

We're a 3M Prestige Dealer: Discover 3M's Signature Window Film

U.S. Film Crew Article (Page 1 of 2)

Recently, U.S. Film Crew became a 3M Prestige dealer—3M's flagship range of window film solutions!

3M's window film sets itself apart from other window film solutions in more ways than just quality—they don't contain any metals in their construction and they're manufactured using the latest nanotechnology.

These window film solutions can let in 70% of natural light into your home or office, giving your spaces great lighting without you needing to rely on artificial lighting too much. They can also block up to 97% of infrared light from the sun, protecting building occupants from these harmful rays.

3M also offers DICHROIC film—a unique window film solution that changes color depending on the angle you view it from.

Let's take a look at what being a 3M Prestige dealer means to us and our customers.

What is 3M?

Since 1966, 3M has specialized in creating some of the most high-quality window films in the market. Today, their window film solutions can be found in thousands of homes and offices around the world.

Their window film is famed for being innovative and sustainable, offering a range of benefits, like solar control, security, aesthetic enhancement, and improved privacy.

When you have a 3M window film solution installed in your home or workplace, you can expect nothing less than the finest quality.

What does our partnership mean to our customers?

As a professional window film installer, our mission is to give our customers the best services and very high-quality products.

Our partnership with 3M allows us to provide our customers with some of the finest window film solutions in the country.

Our partnership with 3M allows us to provide our customers with some of the finest window film solutions in the country. This partnership has also helped us become one of the best window film solutions providers in the city of Pittsburgh.

When you order a 3M window film from us, it will be installed by a certified 3M window film installer. This guarantees that your window film will be installed perfectly, allowing you to get the maximum benefit from it for your home or workplace.

But our 3M services don't end there—we also have excellent after-sales services to make sure that you continue to enjoy the benefit of your 3M window film solutions for years.

Call a 3M Prestige dealer today!
